

INDIAEXCITE - MCQ APPLICATION

STUDENT MODULE:

Login Window:

The MCQ Application Portal offers three types of login IDs for users to access the platform. Students can log in using their **student ID, mobile number, or email address** as their username. Student password are highly encrypted.

The image shows the login interface for the INDIAEXCITE NEET DEMO portal. At the top, the logo and text 'INDIAEXCITE NEET DEMO' are displayed. Below that is a 'Login' button. The main area contains fields for 'Username' (with a user icon) and 'Password' (with a lock icon). There is also a 'Remember me' checkbox and a 'Sign in' button. At the bottom, a link 'Forgot Your Password?' is visible.

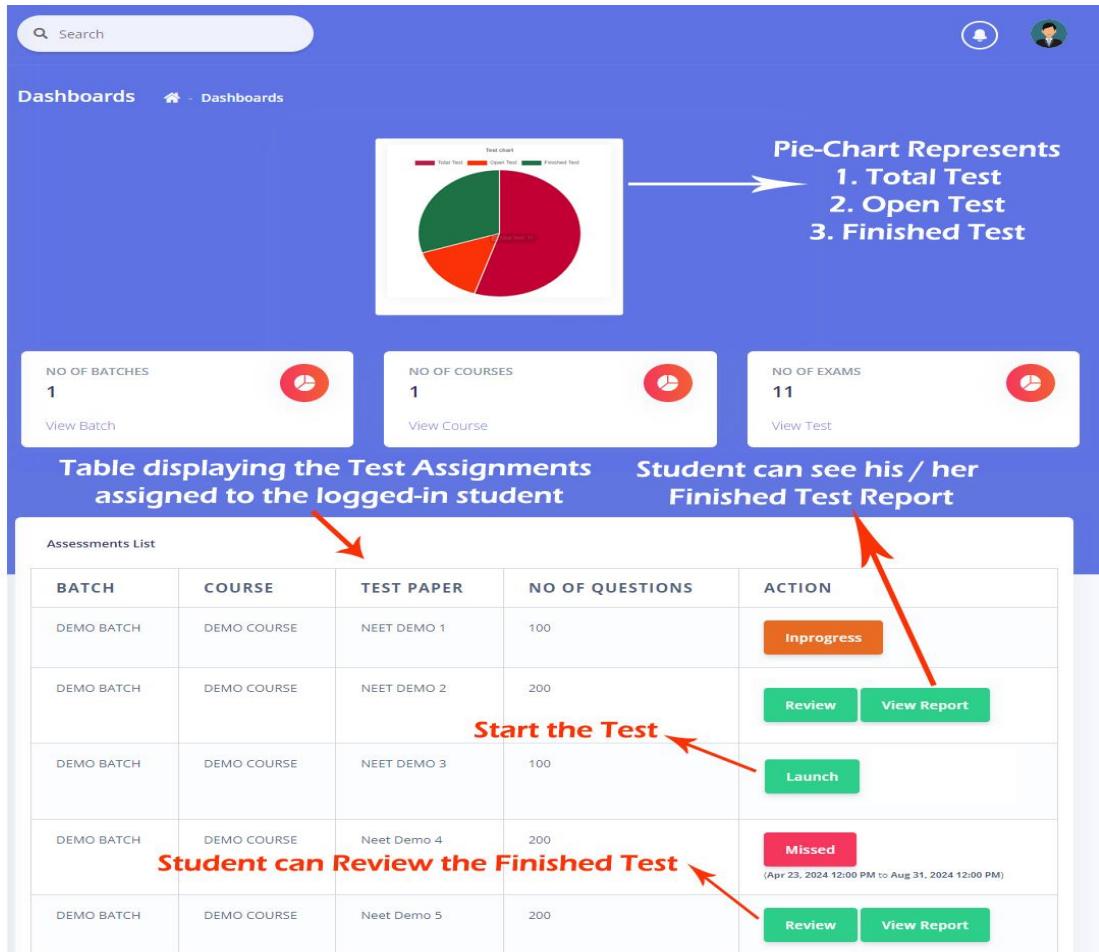

Dashboard:

The portal dashboard provides various information about students, including their enrolled test completion details, and test reports, accompanied by concise pie-chart analytics.

- a) **Courses:** It displays the count of courses enrolled by individual students and provides a link to the courses menu for listing them.
- b) **No.of.Open Test:** It indicates the number of tests that the student has yet to attend.
- c) **Pie Chart:** Pie Chart that indicates **Total Tests, Finished Tests and Open Test** with three-color legends.

d) **Assessment List:** It reflects the data in tabular form, which contains product name, course, test series name and number of questions in that paper. In the Action column has four features as follows:

- a. **Review:** Students can drilldown view of particular assessment by pressing review button. It shows each question with possible answer choice, student answer, actual answer and also any explanation about the choice along with image to justify the answer.
- b. **View Report:** Student can view performance report on particular test series by press view report button. The entire table in this application, sorting/search/filter of data can be done on any displayed field.
- c. **Launch:** It indicates that the student has not yet initiated the test, and to begin, they should click on the "Launch" button.
- d. **In Progress:** It signifies that the student has already started the test and has yet to complete it.

A. Review: Students can drilldown view of particular assessment by pressing review button. It shows each question with possible answer choice, student answer, actual answer and also any explanation about the choice along with image to justify the answer.

The screenshot shows a user interface for 'Test Answer Explanations'. The title bar includes the 'INDIAEXCITE' logo, a search bar, and a user profile icon. The main content area is titled 'Table displaying the review of the completed Test Assignments'. Below this, there is a table with the following columns: NO, QUESTION, OPTIONS, YOUR CHOICE, CORRECT ANSWER, RESULT, EXPLANATION, and IMAGE. The first row of the table contains a question about a series circuit with resistors, inductors, and capacitors, followed by four options (a, b, c, d) and their corresponding student and correct answers, results, explanations, and images.

NO	QUESTION	OPTIONS	YOUR CHOICE	CORRECT ANSWER	RESULT	EXPLANATION	IMAGE
1	A resistor 30Ω , inductor of reactance 10Ω and capacitor of reactance 10Ω are connected in series to an AC voltage source $e=300\sqrt{2}\sin(\omega t)$. The current in the circuit is	<ul style="list-style-type: none"> a) $10\sqrt{2}$ A b) 10 A c) $30\sqrt{11}$ A d) $30/\sqrt{11}$ A 	Not Selected	b	Skipped	<p>Initial velocity = $-v_0$ Final velocity = v $v = v_0 + at$ Momentum gain is strong (+) if $v > v_0$ Momentum loss is strong (-) if $v < v_0$ Force experienced is in North-East direction.</p> 	

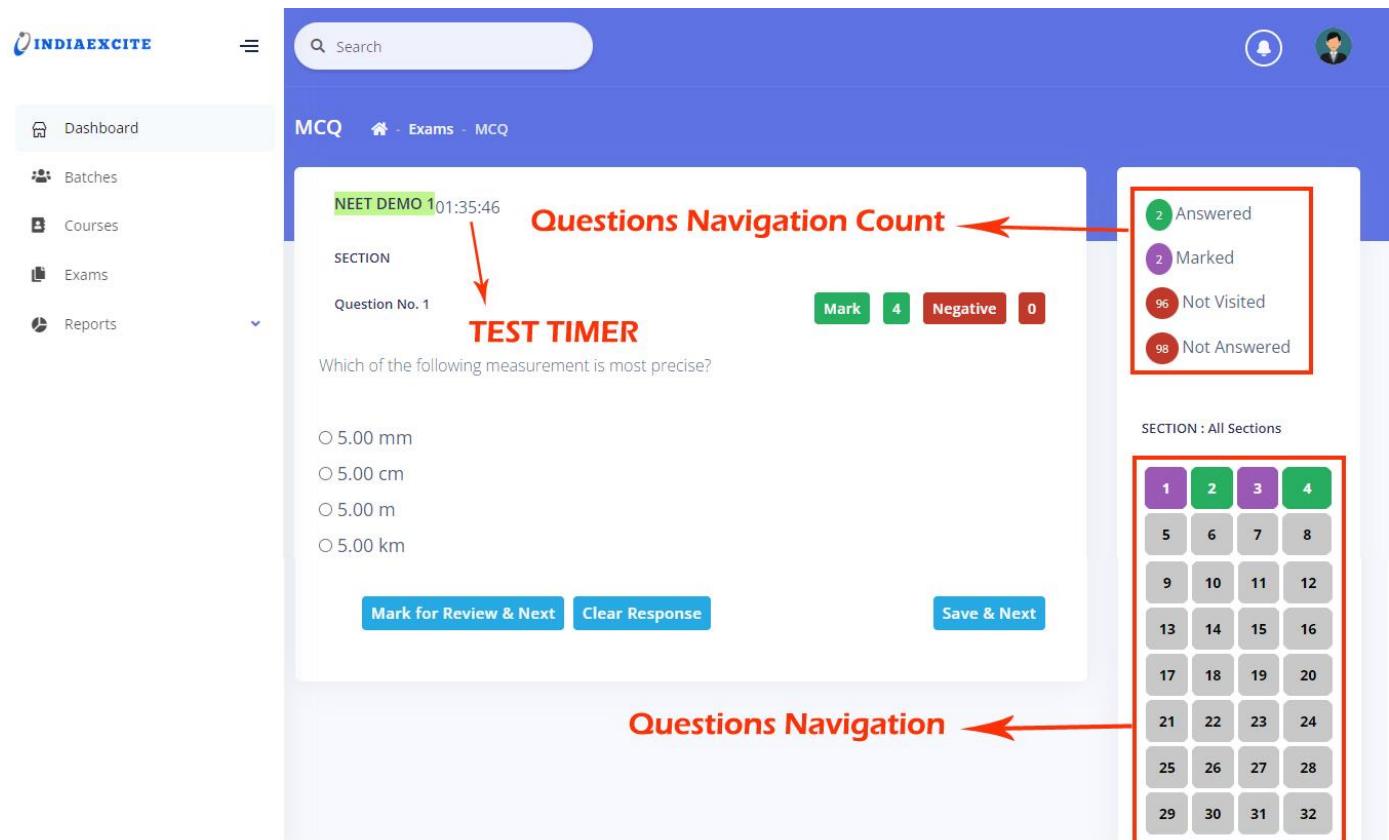

B. View Report: Student can view performance report on particular test series by press view report button. The entire table in this application, sorting/search/filter of data can be done on any displayed field.

C. Launch: It indicates that the student has not yet initiated the test, and to begin, they should click on the "Launch" button.

- While click the launch button it displays the Instruction pop-up window with details.
- The MCQ test module has the timer option that initiates upon starting the test. When the designated time elapses, the test is automatically submitted, and the system transitions to the performance report page.
- Different color code is used to differentiate the Answered, Marked, and Not Visited and Not Answered questions in the test screen.
- For each question, marks are shown at the top of each question, ie, Correct Answer mark in Green button and Wrong Answer mark in Red button(Negative mark)
- Students have the option to use topics to answer questions based on specific subjects. For instance, in a Science test covering Biology, Physics, and Chemistry,

students can navigate through topics to answer questions related to each subject simultaneously.

- f. Each question's mark and the negative mark for the question is also displayed.
- g. The student has the option to use the sections feature to navigate between questions.
- h. The student can utilize the "Mark for Review & Next" feature. If the student encounters uncertainty while answering a question, they can mark it, allowing them to proceed to the next question without spending excessive time on the one causing doubt.
- i. The student has the option to utilize the "Clear Response" feature, allowing them to remove any markings on a question that they have previously answered before submitting the final submission.
- j. The student can utilize the "Save & Next" option to save the current question and proceed to the next questions one by one.
- k. Student can view Instruction for this test at any time, by clicking, Instruction button in the right side.
- l. Student can also get to know the following counts of this test
 - **Answered Questions**
 - **Unanswered Questions**
 - **Marked for Review Questions**
 - **Visited Questions**

29	30	31	32

D. In Progress: It signifies that the student has already started the test and has yet to complete it. Student can continue the test where he / she left in the previous login. Timer starts again, from where it stops.

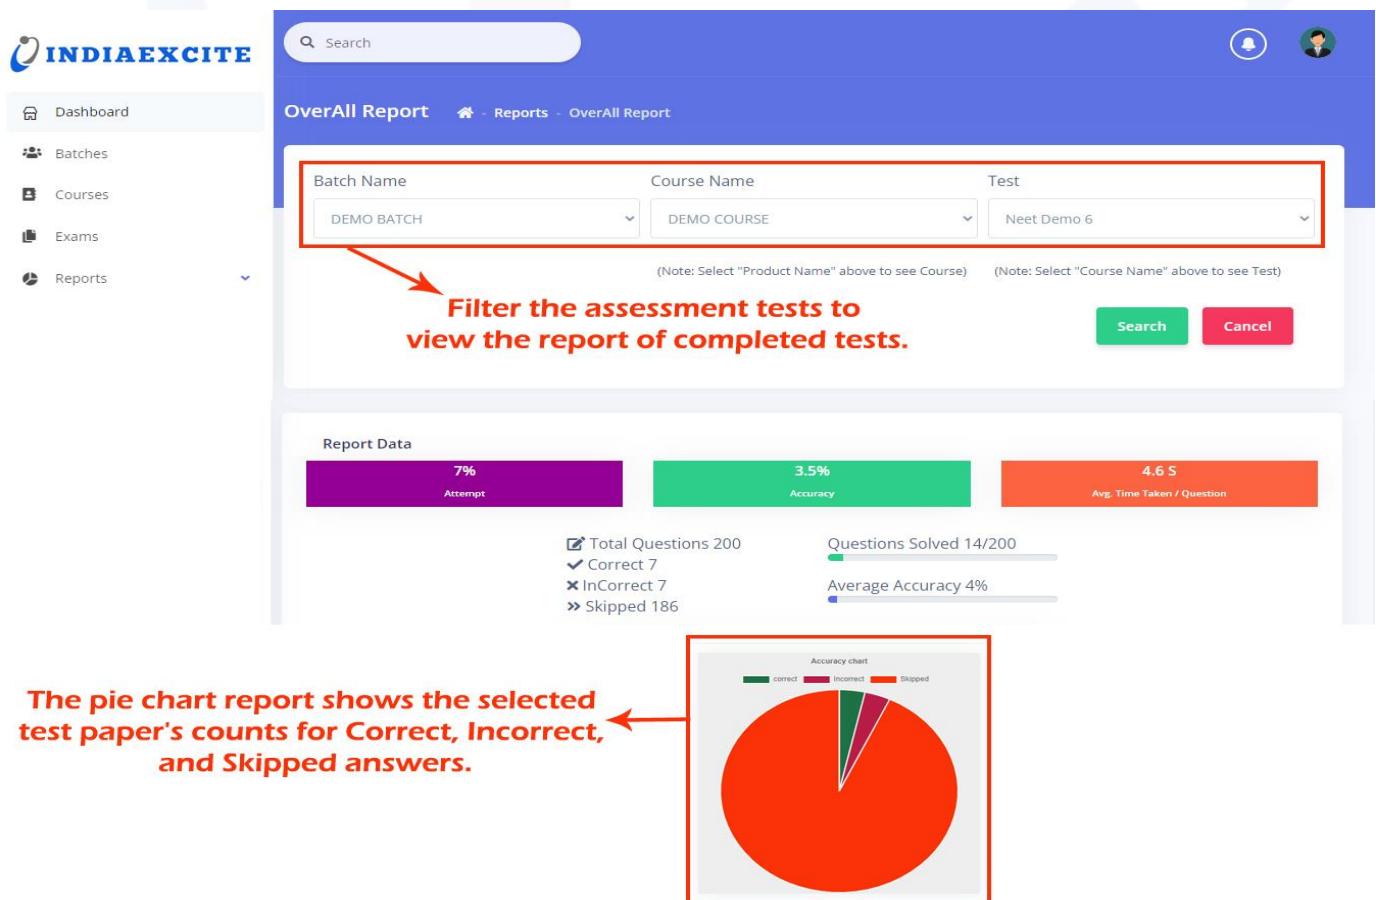

- If the test is In-Progress type, student can move out of the test page, by clicking any Menu in the left side. So that the test is paused and when he again take the test, it will start from where he left.
- If the test is In-Progress type, student no need to submit the test to move out of Test page.
- If the test is not In-Progress, then student can't come out of Test page without submitting the page. If student tries to click the Menu in left, student will get prompt for submitting the test. If student click, yes, then test is submitted and shown the Performance report. If student cancel the prompt, then he/she continues the test.

REPORTS:

The student reports system that has three different kind of reports features as follows:

- **Overall Report** - Based on the test selected, it shows the number of correct, wrong and skipped questions along with pie chart.

The pie chart report shows the selected test paper's counts for Correct, Incorrect, and Skipped answers.

- **Test Analytics** - The system includes a bar chart displaying Topic-wise and Difficulty-level reports, along with the overall time taken for the specific test. Additionally, it provides a list of correct and incorrect answers count.

- **Performance Analytics:**

- The performance report will give complete details of particular test. It shows total number of questions, number of attempted, number of missed questions and also number of questions correct and wrong.
- The performance report also shows overall time taken, time taken for each question. It also shows how the student performed on each difficulty level using bar chart.
- It also shows the time spent on correct, wrong and skipped questions in the form of bar chart.
- And also shows skipped / wrong question analysis data, hence student can focus more on that part.
- Different colour code is used to differentiate the correct, wrong and skipped questions in the entire report.

ADMIN MODULE:

DASHBOARD:

The Admin Dashboard has the shortcut links to respective menus like Reports, Roles and Students list etc...

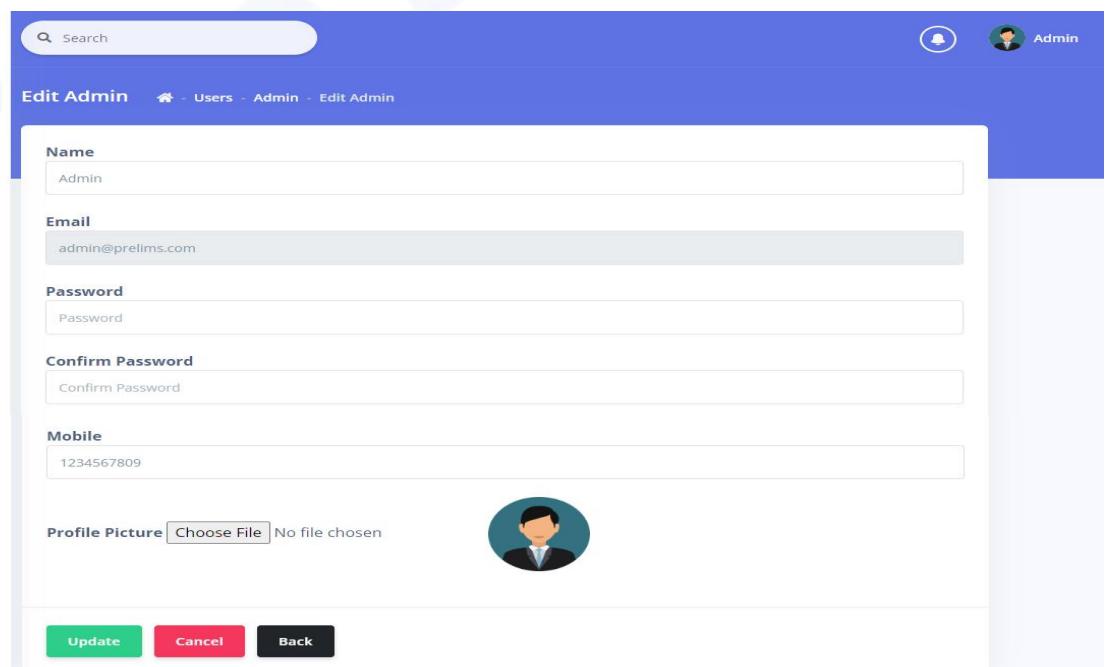

The screenshot shows the Admin Dashboard with a sidebar on the left containing links for Dashboard, Language, Course, Subject, Branch, Group, and Head. The main area is titled 'Default' and shows four shortcut buttons: 'REPORTS' (red circle icon), 'ROLES' (orange thumbs-up icon), 'TEST RESULTS' (green bar chart icon), and 'STUDENTS' (blue person icon). A white arrow points from the text 'Dashboard shortcut links to the respective menu's.' to the 'REPORTS' button.

Dashboard shortcut links to the respective menu's.

MY PROFILE:

The Admin profile page contains information about the administrator. They have the flexibility to update their personal details and password at any time.

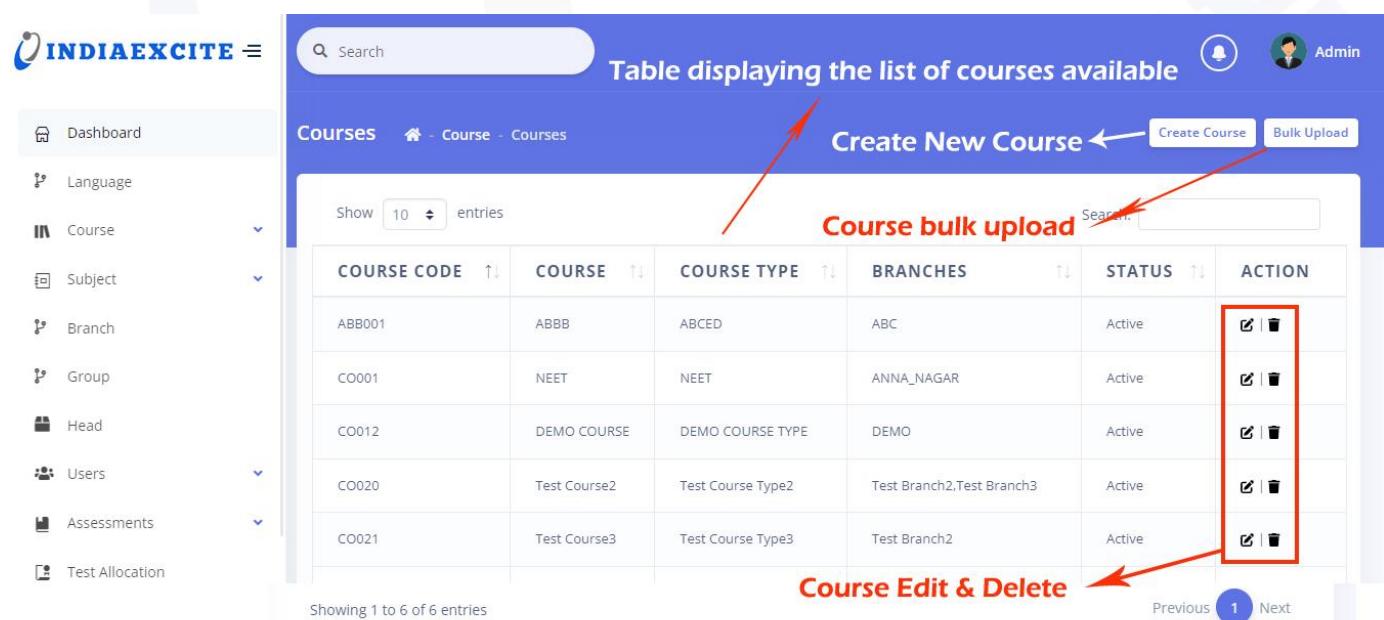

The screenshot shows the 'Edit Admin' page with a sidebar on the left. The main area is titled 'Edit Admin' and shows fields for 'Name' (Admin), 'Email' (admin@prelims.com), 'Password' (Password), 'Confirm Password' (Confirm Password), and 'Mobile' (1234567809). Below these fields is a 'Profile Picture' section with a placeholder image of a person in a suit and a 'Choose File' button. At the bottom are three buttons: 'Update' (green), 'Cancel' (red), and 'Back' (black).

COURSES:

In the admin module, there is a Course Master option that allows for the manual creation of courses.

- a) **BULK UPLOAD:** Additionally, there is a **bulk upload** feature enabling the creation of courses through the use of **.xlsx/.csv/.docx/.pdf** files adhering to a specified format. In case of duplicate courses, a prompt message will appear, providing detailed explanations of the duplicated entries.
- b) **EDIT:** Admin can edit the course details and update the description.
- c) **DELETE:** Admin can delete the course's manually one by one or delete in bulk.

d) **Bulk Upload:** Student, Admin and Admin Roles data can be uploaded in bulk using the specified **.xlsx/.csv/.docx/.pdf** format. In case of duplicate users, a prompt message will appear, providing detailed explanations of the duplicated entries.

Select the document to bulk upload the Admin users

e) **Edit & Delete** - The admin has the flexibility to edit all three modules according to their preferences and can delete the sequences individually or in bulk.

ASSESSMENT:

The admin module includes an option for creating assessments, allowing the assignment of test series to students based on their respective courses. Assessments can be assigned for multiple courses in a single step. Admin can edit the assessment to change below details and can delete the assessments one by one or in bulk.

User friendly searching feature & sorting options are additional features for filtering.

The admin can access assessment details by clicking on the "Human Eye" action button in the assessment list action column.

Additionally, the admin has the capability to duplicate assessments to streamline workload.

Question Management section has four type of functionalities as follows:

- **Question Bank Upload** - Admin can upload the question in the bulk manner with defined formats.

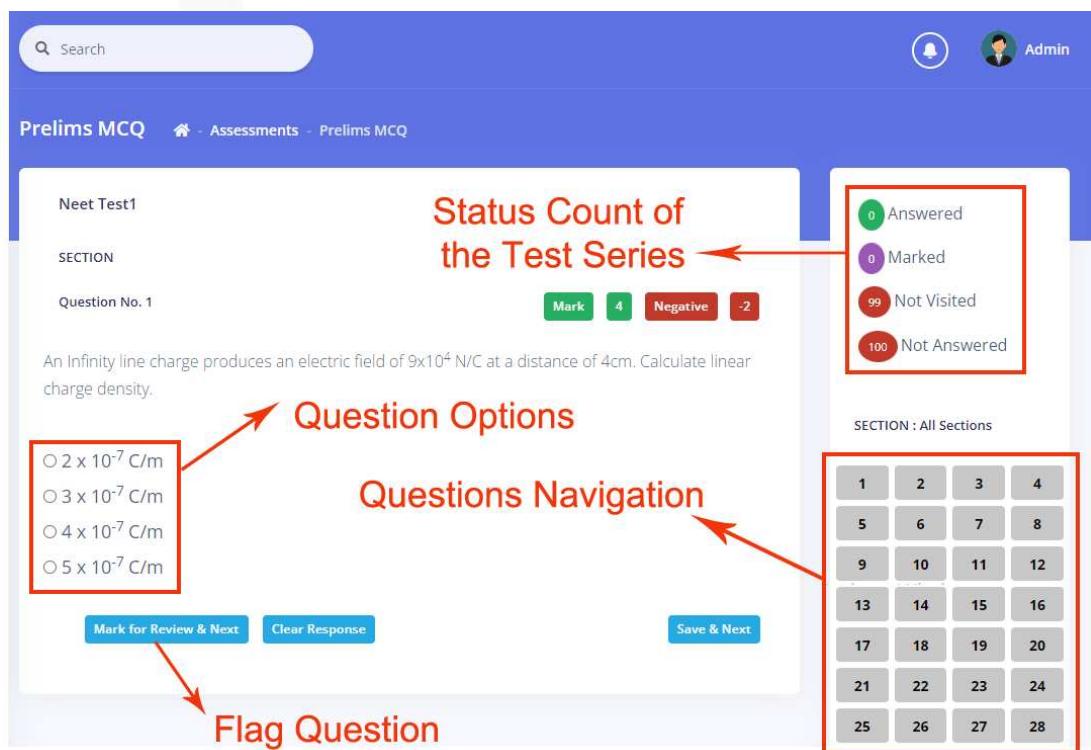

Try Assessment:

There is an additional option to attempt the assessment test paper created. This feature serves for verification purposes to ensure that the uploaded test format functions correctly as intended. In this option data's will not be saved in database. The test screen will be same as student's assessment test screen.

The screenshot shows the 'Try Test' interface. On the left is a sidebar with navigation links: Dashboard, Language, Course, Subject, Branch, Group, Head, and Users. The main area is titled 'Try Test' and shows a 'Course Name' dropdown set to 'DEMO COURSE' and a 'Test' dropdown set to 'Neet Demo 5'. A note below the dropdowns says: '(Note: Select "Course Name" above to see its linked Test)'. At the bottom are 'Try Test' and 'Cancel' buttons. A red box highlights the course and test selection area. A red arrow points from this box to a text box on the right.

This filter allows administrators to review assessments and verify that the uploaded questions are correctly positioned.

The screenshot shows the 'Prelims MCQ' test interface. The sidebar includes: Dashboard, Language, Course, Subject, Branch, Group, Head, Users, Assessments, Test Allocation, Test Reset, OMR, Question Bank, and Reports. The main area is titled 'Prelims MCQ' and shows 'Neet Test 1' and 'SECTION'. A question is displayed: 'An Infinity line charge produces an electric field of 9×10^4 N/C at a distance of 4cm. Calculate linear charge density.' Below the question are four options: 0.2×10^{-7} C/m, 0.3×10^{-7} C/m, 0.4×10^{-7} C/m, and 0.5×10^{-7} C/m. Buttons for 'Mark for Review & Next', 'Clear Response', and 'Save & Next' are at the bottom. A red box highlights the question options. A red arrow points from this box to a text box on the right. Another red arrow points from the text box to the 'Status Count of the Test Series' section.
